Here Comes the Rain Again

```
Am                                F
Here comes the rain again, falling on my head like a memory,
G                                          Am
Falling on my head like a new emotion.
Am                                  F
I want to walk in the open wind.    I want to talk like lovers do.
   G                                   Am
I want to dive into your ocean. Is it raining with you?

                            F                    C
*Chorus*:   So, baby, talk to me -- like lovers do.
              F                          C
            Walk with me -- like lovers do.
              F                      C          D  G
            Talk to me -- like lovers do.

Am                                F
Here comes the rain again, raining in my head like a tragedy,
G                                          Am
Tearing me apart like a new emotion.
Am                                     F
I want to breathe in the open wind.   I want to kiss like lovers do.
   G                                   Am
I want to dive into your ocean. Is it raining with you?
```
