Intro : Chorus: G Am C D G

Well [G] I could just sit a-round, mak-in' mus-ic [Am] all day long. ____

As [D] long as I'm mak-in' mus-ic you know I can't [C] do nobody [G] wrong.

And who knows, maybe someday, I'll come [Am] up with a song,

That makes [D] people want to stop their fussing and fighting

Just [C] long enough to sing [G] along. [G]

[G] I be-lieve in [Am] mus-ic [C] I... I [D] be-lieve in [G] love X 2

Well [G] Music is love and love is music if you [Am] know what I mean

And [D] People who believe in music are the happiest [C] people I've ever [G] seen

So [G] clap your hands and stomp your feet and [Am] shake your tambourine,

[D] Lift your voices to the sky, [C] tell me what you [G] see. [G]

Sing it now,

[G] I be-lieve in [Am] mus-ic [C] I... I [D] be-lieve in [G] love X 2

[G] Music is the universal language, and [Am] love is the key

To [D] brotherhood, peace and understanding, to [C] liv-in' in har-mo- [G]-ny

So take [G] your *brother and sister* by the hand and sing [Am] along with me,

Find [D] out what it really means to be [C] young and rich and [G] free. [G]

Everybody now,

[G] I be-lieve in [Am] mus-ic [C] I... I [D] be-lieve in [G] love X 2

(-- last time end - one [G] strum)
