Intro:

[Am](32) **[Dm]**(8)

Verse 1:

The world outside can't touch us...tonight

Here in our cocoon...

Let's share our darkest secrets now...

`stead of whisperin' `em to the moon

[Gm] I'll bet there are a dozen things...

You have not disclosed....

If you're afraid of dyin' -you've not told me so

[Am] And I've got sins...I've not confessed

Just maybe One or Two

Tonight I'm gonna bare it all...safe in our cocoon!

[Dm](16) **[Gm]**(16) **[Dm]**(16) **[Am]**(8) **[Dm]**(8)

Verse 2:

The world has never looked like this....

Sometimes I'm so afraid

Sequestered in this tiny space

It feels a bit insane

[Gm] But we've been spinning way too fast

It's time to slow things down

Watch the robin build its nest-STOP and look around!

[Am] When the moth is wrapped up in its silk

That is NOT a TOMB

It's preparing for the change...that is coming soon.

It's preparing for the change...that is coming **[A]** soon.
